

Outstanding effort –
50 logs of reading in Term 2!

S2F Lily C. William O.

S2C Layla M. Fatima S.

S2L Brock G.

Keep up your daily reading everyone. It is very important to set aside a quiet time each day to focus on your reading. Discuss with friends or parents your personal choices of texts for enjoyment. Why do you enjoy certain books? What is the author's purpose?

Stage 2 Expectations

We have been reminding students of what our school expectations look like. We would appreciate your support when conversing with your child about their school day.

Here are some examples of what is expected to make everyone's time at school a pleasant experience....

GOOD MANNERS – Listening carefully when others are speaking, saying please and thank you.

GOOD THINKING – making sensible decisions when playing with friends, using kind words and actions.

GOOD LEARNING – Being focused and willing to 'have a go', trying your personal best to strive to achieve learning goals, following teacher's instructions.

TARONGA ZOO EXCURSION

Last Friday, Stage 2 students went on an excursion to Taronga Zoo. The students participated in a workshop linked to the geography unit *Australia and its Neighbours*. Students learnt about the similarities and differences between the Australian and Sumatran environment and had the opportunity to see and learn about many animals around the zoo. Although it was quite a cold, wet and windy day, we all went home with big smiles on our faces.

A special thank you to the parents who volunteered their time and accompanied us on the excursion!

On Friday S2MK and I went on the biggest bus they had. It took over an hour to get to Taronga Zoo. I knew that Taronga Zoo was going to be amazing. There were 2 flags. The Aboriginal flag and Australian flag. We went in. The first animal we saw was a turkey. It was walking on the streets. It was crazy! Valery

During our workshop with Matt, we got to meet and pat a ring tailed possum. She was 7 years old. We also got to touch a snake. Shaye

Firstly, I saw Corroboree frogs. They are black and yellow and very small. I saw giraffes, penguins, seals, monkeys and lots of different birds. Ethan F.

We went to the seal show. They did a lot of cool tricks and the presenters told us they were endangered. We went to the elephants and there was a baby elephant – it was so cute. Then we went to a little lesson about Australia and Sumatra. Ethan S.

We went to see the crocodiles and then we looked at the Komodo dragon and it was huge. Next, we went to see the lizards, snakes and turtles. We saw gorillas, monkeys and other animals. Aidan
