We are proud to announce that *ScopeIT Education* is returning to our school!

Here at Blackwell Public School, we believe our students should be receiving an education on the fundamentals of the technology that is a huge part of their present and will undoubtedly feature in their future, no matter what dream they follow! That is why we are so pleased to inform you that we are going to continue to teach our students the technology skills that will provide them with a huge advantage as they continue their schooling and then enter the workforce in the future.

In Term 3, Stage 2 students will have the opportunity to participate in the Scope IT Coding Program. Ten, 40 minute lessons will occur every Friday till the end of term.

The cost of this program is \$45.00

We strongly believe our students should participate in this program as the benefits will complement their education today and will arm them for their 21st century future.

Last year students focussed on the Coding 1 program. This year they will progress to the Coding 2 program and further develop their knowledge of coding.

We believe the ScopeIT program is outstanding value for money, with state of the art equipment as well as technology instructors who can guide our students.

Learn more at www.scopeITeducation.edu.au

Please fill in and return the permission note to the front office by Thursday 26th July .
(The first lesson will be on Friday 27th July)

F. Cooke
Stage 2 Coordinator

K Hudswell
Principal

I give permission for my child _____ of class _____ to participate and attend the Scope IT Coding classes in Term 3. I understand the cost of the program is \$45.00. I understand that this program runs for 10 weeks for 40 minute sessions, starting on Friday 27th July . Students who are away on the day of Scope IT will **NOT** receive a refund.
